

What You Must Know as a Buyer While Looking at Homes

- 1** When touring homes with us, let's spend time in the homes that truly pique your interest, not the ones you don't like. By doing so, we can maximize our efforts in locating the perfect property for you.
- 2** It is best to keep the viewing party to the bare minimum of key-decision makers and keep pets at home.
- 3** Remove shoes, be mindful of opening drawers that may hold personal items.
- 4** Smile - you may be on camera or there may be devices that can record your audio. Keep opinions, good or bad, for the privacy of your home or your realtor's office.
- 5** Psst ... Print out your [House Hunting Checklist](#).
